

# mdp.38

## Multi Diameter Punch

### General Data

Width: 530mm  
Depth: 750mm  
Height: 1010mm  
Weight: approx. 250kg

### Electrical Supply

Power supply:  
110V±10%/3Ph/N/PE/50/60Hz  
220V±10%/3Ph/N/PE/50/60Hz

Power consumption: 75W

### Punch & Die Set

Inner diameter: up to 38mm  
Tolerance: ± 0.003mm  
Concentricity to information: within 5 microns possible

### Accessories Included

2 punch & die sets (any size)  
Spares, tool kit

The mdp.38 has been specifically designed for companies requiring different inner diameter sizes.

Various centre hole sizes can be punched starting from a pre-punched 15mm hole. All common inner hole sizes are available from stock. The punch and die exchange is rapid and the result is excellent punched hole roundness.

The mdp.38 is pneumatically operated, safe, reliable and conforms to international safety standards.

The compact mdp.38 can be mounted on a purpose-built bench.
