

omicron Auto Centring Punch

General Data

Width: 720mm
Depth: 600mm
Height: 1100mm
Weight: approx. 500kg

Electrical Supply

Power supply:
110V±10%/3Ph/N/PE/50/60Hz
220V±10%/3Ph/N/PE/50/60Hz

Power consumption: 500 W

Punch & Die Set

Inner diameter: up to 38mm
Outer diameter: up to 150mm
Concentricity to information:
better than 0.005mm

Developed from the industry standard comp.150 the omicron takes the centring and punching process into the 21st century.

Now even the inexperienced operator can centre and punch an optical disc stamper in seconds. The omicron will consistently produce sub 5 micron centring accuracy with unsurpassed simplicity of operation.

This new piece of equipment, with touch screen control for operation and service, will revolutionize the punching of optical disc stampers.

The omicron is built to exacting standards to ensure accuracy and reliability.
